Cementiles Sumi-e. bharatfloorings.com

Environment friendly bamboo flooring. inovafloor.com

Floor is really the new canvas today. COLOURS, TEXTURES, PATTERNS for both, the bold and the not-so-bold. This new emphasis is also evident in the bold colours and quirky patterns in carpets and other floor coverings. From marble with brass and semi-precious inlay, to the neo-pink in wood and environment friendly bamboo flooring, there is something for everyone.
